

# Re-imagine what is possible

2020-1-NL01-KA229-064740

## Call for making a logo for the project

We are inviting students from all schools in the project to participate and submit a logo design for our project.

Mechanics:

1. The contest is open to individuals or groups of pupils who are in the project.
2. The logo design must include the name or initials of the project.
3. Entries must be able to convey the important principle that the project stands for.
4. The logo must involve symbols or flags of the 4 partner countries (Norway, Italy, Spain and the Netherlands).

## WHAT SHOULD YOU DO?

- Prepare a project logo using traditional techniques (handmade drawing, painting) or electronic ones.
- Make a vlog in which you tell us why your logo is the best and why it should be chosen.
- Submit your logo and vlog with the coordinator of the project in your school.
- Vote for the three best works in your school.
- Prepare a digital version of the selected logos, if they were initially made using traditional methods.
- Send the three best logos and vlogs of your school (coordinators), go to the Google Drive – Logo Competition:  
[https://drive.google.com/drive/folders/1f9q07R0TQgfasoD07\\_t6ICnOByJBYtsU](https://drive.google.com/drive/folders/1f9q07R0TQgfasoD07_t6ICnOByJBYtsU).

## Additional information:

Your school's three best entries must be submitted in a file PDF or JPG format and please make sure it is:

- easy to reproduce in black and white (not too many gray shades);
- legible and recognizable in any size (e.g. poster size, smaller size, logo for website, letters, etc.)

After January 2020 we will vote for the best logo.

Good luck!
